

Government of Andhra Pradesh

ABSTRACT

IT&C Dept. – Permission to licensed telecom infrastructure companies to provide OFC connectivity network within the premises and in the buildings under occupation of Government offices – Orders – Issued.

Information Technology & Communications Department

G.O. Ms. No. 46

Dated 20.10.2001.

Read the following:

1. G.O. Ms. No. 5, Finance & Planning (Plg. IT&C) Department dated 11.2.2000.
2. G.O. Ms. No. 101, MA&UD Department dated 11.2.2000.
3. Circular Memo no. 2084/DIR/IT&C/2001 dated 10.10.2001.
4. Circular Memo no. 2085/DIR/IT&C/2001 dated 10.10.2001.
5. G.O. Ms. No. 45, IT&C Department dated 17.10.2001.

ORDER:

Government has been facilitating the establishment of a robust telecommunication infrastructure with adequate bandwidth across the length and breadth of the State. Free right of way has been provided to all the licensed telecom infrastructure operators laying optic fiber cable to lay the cables along side the Government roads and properties duly paying the restoration charges etc. in the references 1st to 5th read above.

2. The agencies intending to lay the optic fiber cable have requested to permit the right of way to lay the cable inside various State Government buildings and also to wire up all floors in these buildings. They have also requested for allocation of space for installation of customer access nodes in the ground floor on a non-exclusive basis. In the review meeting held by the Hon'ble Chief Minister on 28.9.2001 it was decided to accord permission to all the licensed telecom operators laying optic fiber cable to carry out ducting, cabling and equipment installation within the premises of Government offices or premises occupied by the Government of Andhra Pradesh on a non-exclusive basis and with out any commitment on the nature and extent of usage of such facilities created and subject to the following conditions:

- a. The Telecom Operators licensed to operate voice / data / video any or all modes of communication networks shall be eligible for the laying of the cables within the premises of Government buildings and Government occupied buildings, subject to the terms and conditions of this order.
 - b. The Licensed Telecom Company will submit application in the format at Annexure A enclosing the layout plan of the O.F.C network specifying the route, depth, facilities to be created over ground etc, for the approval of the respective occupants before commencement of the work.
 - c. The Licensed Telecom Company will carry out all installation work with minimum inconvenience to the occupants of the building.
 - d. The Licensed Telecom Company will reinstate at their cost, the premises used, to their near original condition, on completion of all installation and related works.
 - e. The Licensed Telecom Company will bear the entire cost of ducts, cables and equipment as well as installation with in the premises on a non-exclusive basis.
3. The building premises is defined as “from the compound / gate to the ground floor / basement of the building and from the ground floor / basement to all floors and terrace of the building.
4. The Authority to give permission to lay cables within the Government owned / occupied buildings shall be vested with:

- a. The Nodal Officer or Custodian of the building who is incharge of maintenance and amenities in case of large Government Complexes like Commercial Taxes Building, BRKR Bhavan, Sankshema Bhavan and other Government Complexes.
 - b. The HOD shall be the nodal Officer in respect of other Government Offices located in the twin cities.
 - c. In case of AP Secretariat, the General Administration Department will play the role of Custodian for the laying of cables within the Secretariat Campus.
 - d. District Collectors may authorize to lay the OFC Cables within the Collectorate and other Government owned / occupied premises in the Districts.
 - e. In case of Government offices located in private buildings the HoD / the Nodal Officer will take the consent from the building owner before permitting the laying of cables.
 - f. Subject to conformity of the terms of this order, the competent authority may issue permission in the format shown in Annexure B within a period of 2 weeks from the date of application.
 - g. In case the permission is not issued to the Licensed Telecom Operator for the laying of Optical Fiber Cable within the premises of the Government buildings / Government occupied buildings within 2 weeks from the date of application to the competent authority under proper acknowledgement, the permission to lay the cables is deemed to have been issued. This provision relating to deemed permission shall come into effect prospectively.
5. Government after careful consideration, hereby permit laying of OFC within the premises of Government buildings and Government occupied buildings as per the terms and conditions specified under Paras 2,3 and 4 above.
6. The formats for application and permission are as per Annexure A and B respectively.
7. A copy of this order is also available on the web at www.ap-it.com & at www.aptg.gov.in/apgos

10. Office located in Government property/Building or Private property: Govt. owned / Private
11. Name of the owner of the building in case the Govt. Office is located in private building:
12. Maximum capacity (bit rate) of the cable proposed to be laid:
13. Details of the Layout of OFC network proposed:
 - a. Route sketch
 - b. Depth
 - c. Facilities to be created
14. Probable date of commencement of work:
15. Probable date of completion of the work:
16. Date by which the restoration work can be completed:

Licensed Telecom Operator

Annexure B
(G.O. Ms. No. 46 IT&C Department Dt. 20-10-2001)

Certificate from the Nodal Officer / Custodian

Shri/Smt. representing the telecom company,
M/s. preferred an application to permit them to undertake the work of laying Optical Fiber Cables (OFC) within the premises of this office in the prescribed format in terms of G. O. Ms. No. 46 of IT&C Dept., dated 20/10/2001. The application has been examined in terms of the aforesaid Government orders and permission is hereby accorded to the company to undertake laying of OFC network subject to the following conditions:

- a) Work shall be carried out as per the layout plan of the OFC network enclosed herewith, specifying the route, depth and facility to be created on the ground.
- b) The company shall reinstate at their cost the premises used, to their near/original condition, on completion of installation and related works.
- c) The entire work will be completed in ____ weeks from the date of receipt of this permission.
- d) The entire cost of excavation, laying of ducts, cables and equipment as well as their installation within the premises shall be borne by the telecom company.
- e) The installation shall be carried out within the space indicated in their layout and no deviation shall be effected.
- f) The entire work shall be carried out with minimum inconvenience to the occupants of the building.
- g) Damages, if any, caused to the premises, buildings or any other equipment relating to the department, shall be compensated by the licensed telecom company.
- h) The period of work shall be from AM to..... PM.
- i) Shri/Smt. shall be the contact person from this department to coordinate with M/s. in respect of carrying out the work.
- j) This permission does not constitute or create any preferential right in favor of M/s. to the use of the infrastructure created by them by this department / organization neither on exclusive or non-exclusive basis, nor does it constitute a commitment of this department / organization to make use of the infrastructure so created in any manner whatsoever.
